MEMORANDUM FOR THE RECORD

STAT

FROM :
Director, Consolidated SAFE Project Office/ODP

SUBJECT: Printers

1. The SAFE printer procurement plan has been reviewed in light of the moratorium on ADPE procurement; the printers are part of the TRW contract at this time.

2. The local and regional printers for SAFE will be procured as follows:

- a) The local (to terminal) printer will continue its present course of a competitive Agency procurement. Once the selection has been made, and if the moratorium precludes award, TRW will be directed to procure the selected printer for delivery to the SAFE project for integration with the GFE terminal. The RFP will be worded to permit such an option (see attached).
- b) The regional printer Selection Process will be coordinated Agency wide and accomplished by CSPO. If the moratorium precludes award of an Agency contract, TRW will then be directed to purchase the selected SAFE printers for integration into the SAFE system.
- c) These Printers will be the Agency standard printers in these categories. ODP will purchase under the resultant contracts when and as the moratorium is lifted.

3. These arrangements have been reviewed and concurred in by C/PD/OL, C/ADP&E, and the SAFE Procurement Officer.

MEMORANDUM FOR: Chief, ADP & Engineering Branch/Procurement
Division/OL

FROM :
Contracting Officer/CSPO/ODP

SUBJECT : RFP-4-81A

1. The SAFE complement of Printers included in subject RFP is not a new obligation. It is an old obligation incurred by this Agency on 18 May 1979. Therefore, it is requested that the solicitation process for printers continue on schedule through contract award. The initial quantities awarded should include the SAFE complement of printers.

2. In the interest of retaining procurement options, it is recommended that the solicitation include a clause which accommodates the extension of the offerors prices, terms and conditions to Prime Government Contractors - specifically TRW, the Prime SAFE contractor. This action will insure CSPO's ability to acquire the selected printer on a directed subcontract basis via TRW at the prices offered the Agency. It is in CSPO's best interest to retain such an option in the event that the moratorium stops the Agency procurement process.

Distribution:

- 1 - C/OL/PD
- 1 - DD/ODP
- 1 - D/CSPO/ODP
- 1 CSPO Chrono
